Hamptons Ultra

Hybrid Waterproof Flooring

Sand 1842mm x 225mm x 6mm

EXPLORE THE LATEST ADVANCEMENTS IN HYBRID FLOORING

Explore the latest advancements in hybrid flooring with Surfaces By Hynes' Hamptons collection.

Enriched by natural beauty, the Hamptons collection was created to be completely free of harmful chemicals and is 100% recyclable. Enduring the heaviest foot traffic along with Australia's varied year-round climate, Hamptons Hybrid flooring is 100% waterproof, extremely durable and versatile.

The Hamptons Hybrid Collection has the appearance of genuine timber without any of the maintenance. Available in a selection of 6 captivating colours with embossed textures that showcase natural grains and European features. Boasting wider, longer boards ensuring an aesthetically pleasing finish, Hybrid Hamptons feels very good to walk on due to its rigid core and high density underlay.

FEATURES:

- Rigid Planks
- Wet Mop Cleaning
- Sound Absorbent
- Impact Resistant
- Very low voc
- Resistant to small underfloor imperfections
